## 16-Month Online Doctor of Nursing Practice Program

### Innovate, Improve and Transform

At the MGH Institute's innovative Doctor of Nursing Practice (DNP) program, you'll join a cohort of current and aspiring nurse leaders preparing to shape the future of health care. Learn from faculty who are authorities in areas such as innovation, design and improvement science, leadership, population health, and informatics. And receive one-on-one mentoring throughout the program.

During this intensive program designed for working professionals, you will:

- Engage in one, fully integrated 9-credit course per semester
- Immerse yourself in an innovative, cohort-structured curriculum that includes:
  - ~ Weekend intensives twice a semester on our Boston campus
  - ~ 10 live, online classes and seminars each semester
  - ~ Flexible, independent online learning modules
- Complete a DNP project that you develop throughout the program

### 34 CREDITS

Encompassing an integrated, case-driven approach

### 4 SEMESTERS/16 MONTHS

Complete online courses with brief, on-site immersive learning

### EXPERTS IN THE FIELD

Will mentor and coach you throughout your course of study

*“What I treasure most about the IHP’s DNP program are the relationships I’ve developed within my cohort and learning alongside dedicated, experienced, innovative nurses from a wide range of practice settings. While most of our engagement is online, we’ve come to know each other very well through discussions and team assignments.”*

—Cynthia Holle, DNP '16, MBA, RN

# MGH INSTITUTE

## OF HEALTH PROFESSIONS

A graduate school founded by Massachusetts General Hospital

### IHP Advantage

#### CASE STUDY MODEL

Learn through real-life cases during site visits to world-class health care organizations.

#### ACCESS TO EXPERTISE

Interact with world-renowned clinicians and nurse leaders at some of the nation's leading hospitals and health centers, including Massachusetts General Hospital and Brigham and Women's Hospital, enhancing your leadership capacity.

#### FACULTY SUPPORT

Collaborate and learn with a dynamic and engaging faculty team, all leaders and clinicians involved in their own scholarship.

#### INDIVIDUAL MENTORING

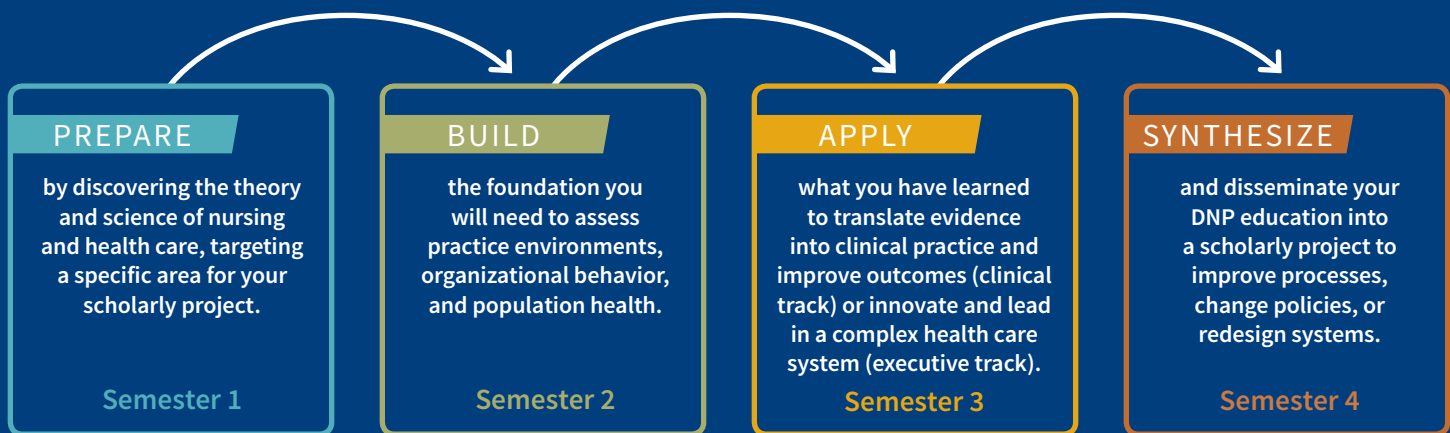

Receive one-on-one mentoring from a dedicated advisor helping you to develop and refine your concentration focus.

### Integrated Curriculum

In our innovative curriculum, you will immerse yourself in one comprehensive, integrated semester-long course each term.

As you progress, each semester builds upon the previous one:

### Innovative Program Design

- During semesters 1 and 2, clinical and executive track students learn together with some separation during track-specific, on-site seminars.
- Each semester is carefully structured with: 10 live, online classes and seminars; flexible independent learning modules; and two weekend intensives at our Boston campus.
- Innovation and design science, transformational learning, leadership, informatics, and culture of health for systems and populations are woven into each semester.
